Asphalt Drum Plant

Vinayak Equipments is among the best **Asphalt Drum Plant Manufacturers** offering Asphalt Plant in customized capacities of 60, 80, 90, 100, 120 tph. An asphalt drum mix plant is a plant used for the manufacture of asphalt, macadam and other forms of coated road stone, universally known as blacktop. The Asphalt Drum Mix Plant helps in mixing size wise graded aggregates with liquid bitumen or minerals in static quantities to make hot mix asphalt as per desired grade. Our drum mix plant is available in a exclusive design which is very simple and easy to convert from a stationary drum asphalt plant to a mobile asphalt mix plant.

VINAYAK[®]

Asphalt Drum Mix Plant Exporter

We have emerged as a well-reputed **Asphalt Drum Mix Plant Exporters** and manufacturers from India and overseas. Asphalt Plant work to blend asphalt, aggregates, and other additives at an elevated temperature to produce a homogenous hot mix asphalt paving mixture. Inquires connected to Asphalt Drum Plant, Asphalt Batch Mix Plant are welcomed from France, Nigeria, Kenya, Malaysia, Bangladesh, Tunisia, Saudi Arabia, Oman, Afghanistan, Nigeria and many more...

Features :

- Low dust emissions
- High productivity rate
- Easy operation and minimal maintenance
- Accuracy in quality control

VINAYAK[®]

Asphalt Drum Mixing Plant

We are prominent manufacturer and supplier of **Asphalt Drum Mixing Plant** manufactured of high quality steel & rugged design to give high performance for long time without compromising on the quality of product. These plants are ideal for road contractors who want to make high volumes of hot mix asphalt without compromising on the quality factor. In order to satisfy the client's needs, this machine complies with the international quality standards. We also export Asphalt Drum Plant in major countries like **Dubai, UK, Sudan, Singapore, Saudi Arabia, Guyana** etc...

Features :

- Manufactured using advanced technology
- Homogeneous mixing of aggregate
- Hassle-free performance
- Time Saving

VINAYAK[®]

Mobile Drum Mix Plant

We have expanded our business in market owing to the offered **Mobile Drum Mix Plant**. Our Mobile Drum Plants are available in various replicas, grades and specifications as per the requirements of our esteemed clients. It is enthusiastically used for differential industrial applications. In This plant consist of appropriate number of mixture of sums, stone dust, sand and more with the stipulation of temperature.

Features :

- Fully automatic control panel with fully furnished cabin
- Robust Construction.
- Optimum performance
- Minimal operational cost
- Less Fuel Consumption
